“The enjoyable story is refreshing, and it’s truly a good story that doesn’t slip into fluff or have the game’s important parts disappear. [...] There’s always a reason to think about the game and it’s always possible to make your own plans and carry them out. In addition, the game’s plot is connected to the story of the anime that has attracted fans’ attention.” (ELEVEN VANITY) “In short, the game is a fun and interesting action game that is full of depth and so on. [...] The fact that you can change weapons and armor at any time and have the dual-wielded battle style is an advantage. [...] Battles sometimes feel unbalanced, because of the presence of support characters and sometimes the level system and victory conditions are not very clear.” (L.A. View) “The plot is obviously overly simplistic, but the experience of realizing how a simple story can be told in a truly

impressive way is very enjoyable. [...] The game's action is not bad, and it has its own style and its own charm." (PLAY-ISM) "The spell effects, the overall scope, and the overall design of the game are outstanding. [...] The game's battles are filled with action, as you can immediately see and feel the effect of the various attacks. [...] The game's plot is simple and on a lower level, but it's a really good story. [...] Fans of RPG anime, especially those who enjoyed "Fate/Stay Night," should definitely get this game." (Wakusei) "The story is entertaining enough to keep your interest and some of the characters have great personalities. [...] Along with the cast of characters, the game's action battles are also enjoyable. [...] You're just as capable of fighting as the main character, so the battle system is a real challenge." (Arcade Game Chart) "The game's action battles are really enjoyable, because you can choose your weapons freely and have a variety of effects. [...] The plot might not be completely original, but the characters and the game's atmosphere are great." (Game Watch) "There is no doubt that the game is an action game, but the action battles are really impressive
